[White Paper] United States Insurance Trends and Decisions 2023

December 21, 2023

Insights for Insurers

The global Hinshaw Insurance Services group takes an in-depth look at key United States insurance trends and case decisions in 2023. Authored by Scott Seaman, Pedro Hernandez, and Lisa Roccanova, the white paper provides insight into the following topics and more:

- how social inflation, ESG, and artificial intelligence are affecting insurers,
- key claims, cases, and developments from 2023 that have impacted the insurance industry, and
- a look ahead to 2024 for pending court decisions, challenges, and evolvments insurers will face in the new year.
