

Consultant/Coach for the Profession®

The growth and success of a law firm is dependent upon sound and effective decision making. We recognize the challenges presented by operating a law firm as a business, particularly for midsized to small law firms, where access to business guidance and counsel is limited. That is why we created a law firm business advisory service called Consultants and Coaches for the Profession®.

Our practical, real world solutions are customized to meet the specific needs of each firm, but can include strategies to assist in the areas of:

- Consensus Building
- Firm Leadership
- Firm Governance and Practice Group Structure
- Firm Mergers and Lateral Partner Hiring
- Partner Compensation
- Retreat Facilitation
- Succession Planning
- Unanticipated Partner Departures
