

Hinshaw & RPC Alliance

What do you get when two insurance law powerhouses work together?

Something greater than any one firm can offer.

The alliance between Hinshaw & Culbertson LLP and RPC brings together two experienced insurance practices, working together for the benefit of our respective and mutual clients.

Our alliance:

- provides an enhanced level of support for underwriters, claims, and legal teams across the U.S., U.K., and Asia books of business and provides a gateway to Latin America with our dedicated Miami and London desks
- features an unmatched team of preeminent insurance lawyers
- offers innovative solutions for cross-border work
- provides tailored insights and bespoke strategies spanning issues across the globe

By combining talent across our firms, we believe we can offer our clients the best of two firms, with fresh ideas and flexible support for the future—learning from each other and working together to deliver innovative solutions for our clients.

Our shared values around building strong relationships, understanding our clients, delivering outstanding client service, and focusing on commercial solutions means we are aligned in our mission to help clients thrive.

We look forward to putting this alliance to work for you and to discussing with you how the bridges we have built across the U.S., U.K., and Asia might add value to your business.
