### Experience

The Hodgson Russ team of Daniel Spitzer, Alicia Legland, Meredith Morgan, and David Stark acted as counsel on regulatory and zoning matters for a joint venture between two of the nation's leading energy solutions companies. The two businesses, a Mid-Atlantic owner-operator of commercial renewable energy projects and a renewable and a natural gas company in the Southwest, entered into a financing arrangement with a commercial bank supporting four energy storage projects in the City of New York. Energy storage is an essential element in the State's aggressive plan for reducing reliance on fossil fuel facilities.
