8:30 - 11:30 AM

Practices & Industries

Healthcare

October 6, 2016

The Offices of Hodgson Russ LLP, 140 Pearl Street, Buffalo NY

From choosing a doctor to telemedicine, clinical trials to fighting epidemics, patient confidentiality to preventable deaths – Big Data is playing a pivotal role in how healthcare professionals collect and analyze a myriad of information.

Hodgson Russ, in collaboration with IBM, cordially invites you to a Big Data Dialogue, focused on the groundbreaking emerging technology discoveries that are being implemented by leading edge healthcare practitioners and organizations to optimize outcomes and drive down unnecessary costs.

AGENDA:

Sri Srinivasan, IBM

Disruptions in the Healthcare Industries

Brendan Fowkes, IBM

Healthcare Analytics

Jeffrey Lenert, MD

Watson Health

Jay Goodwyn, IBM

Foundational Considerations

Brigid Maloney, Hodgson Russ LLP

Privacy Considerations
