## Preparing Employers for Compliance with NY's New Sexual Harassment Laws

This year's New York budget bill created new obligations on employers to prevent and address sexual harassment in the workplace. By October 9, 2018, all employers will be required to issue a robust policy prohibiting sexual harassment. In addition, based on proposed guidance from the State, all employers will be required to provide anti-harassment training to all employees by January 1, 2019. Join our labor and employment attorneys as we discuss these legal requirements and strategies for compliance.
