Education

June 1, 2019

The Sagamore, Bolton Landing, New York

Topic: Student Mental Health and Substance Abuse Issues

An exploration of the legal framework for identifying, evaluating and supporting students requiring mental health services. Legal issues include: IDEA; Section 504; student discipline; confidentiality; legal agreements with mental health care providers; mental health surveys; FERPA and the provision of educational services for hospitalized students.

Andrew Freedman was one of the presenters for this topic.
