October 28, 2011
Buffalo, NY

Four Hodgson Russ attorneys spoke before an audience of engineers and land surveyors at the New York Civil Engineering and Surveying Land Law seminar presented by HalfMoon LLC, October 28 in Buffalo.

- Alan J. Laurita presented “Development of the Marcellus Shale in New York.”
- Elizabeth A. Holden presented “Understanding the Effect of Easements on Land and Construction Projects.”
- Jill L. Yonkers presented “Understanding the Effects of Land Use Laws.”
- Daniel A. Spitzer presented a New York environmental law update covering recent developments related to SEQRA forms, DEC greenhouse gas policy, smart growth infrastructure law, and the state energy code.
