The U.S.-Canada border is in the heart of not only World Trade Center Buffalo Niagara's regional territory, but our regional economy. As a result of COVID-19, the CanAm border has been shut down to "non-essential" travel, creating significant challenges for business, economic and personal interests on both sides – challenges that other parts of both countries may not feel with as much pain. Re-opening will come at some point, but when and how? What does it need to look like? What will unavoidably change going forward? Be a part of the discussion!

Jill Apa will join other panelists for this webinar hosted by World Trade Center Buffalo Niagara which will discuss re-opening the Canadian-U.S. border.
