Congratulations to Carol Fitzsimmons, Leslie Kellogg, and Britta McKenna for their excellent work preparing the content for and presenting STEP Canada's "Canada/US Cross-Border Estate Planning" course which contained 8 hours of content. STEP is a global professional body, comprising lawyers, accountants, financial advisors and other practitioners that help high net worth families plan for their futures.

More than 450 people all across Canada participated in the course throughout its six-week run. The originally planned 5 courses sold out, so they were asked to do an additional encore presentation (which also sold out). Among the topics Carol, Leslie, and Britta presented were:

- Overview of US Income, Gift, and Estate Taxes
- Cross-Border Estate-Planning Design and Drafting
- Trusts, Trusts, and More Trusts
- Everyone's Worst Nightmare: The U.S. Anti-Deferral Rules
- In-Depth Cross-Border Pre-Mortem and Post-Mortem Planning Involving Corporations and Trusts
- Comings & Goings
- Canadians Who Winter in the United States

The topics are often complex and sometimes difficult, affecting many practitioners. But Carol, Leslie, and Britta delivered presentations that were not only detailed and in-depth, but also engaging and explained with simplicity.

The course was filmed at our office in Buffalo and the producer did an excellent job of showcasing the Guaranty Building and the City of Buffalo in the opening montage so it was great exposure for both the Firm and the City of Buffalo.

By all accounts, the presentations were wildly successful and well-received. Here is some of the feedback the ladies received:
