

# HODGSON RUSS LLP LAUNCHES “THE SEMI INTERESTING PODCAST”

Hodgson Russ Press Release  
January 19, 2023

Hodgson Russ LLP is pleased to announce the launch of its new podcast, “The Semi Interesting Podcast.” Hodgson Russ LLP Partner [Nathaniel Lucek](#) and Pure Storage’s Legal Director of IP & Product Elizabeth Morris will break down the latest legal issues facing the global semiconductor industry with a particular focus on intellectual property and commercial contract issues.

To Nathaniel and Elizabeth, the semiconductor industry is more than “semi interesting” – it’s exciting. In terms of revenue, money spent on research and development, and the global workforce, the industry is huge. Yet, like most industries, it is actually quite small. Nathaniel and Elizabeth offer a unique perspective on some of the issues facing the industry, both having in-house experience at semiconductor capital equipment or chip manufacturers.

In each episode of “The Semi Interesting Podcast,” Nathaniel and Elizabeth will be joined by attorneys and executives to highlight some of the issues facing the industry as well as offer some practical takeaways.
